<b>Introduction and Background</b>
<p>The Government of Maldives, with funding support from the Global Environment Facility (GEF) under the project “Integrated Sustainable and Low Emission Transport in the Maldives,” has successfully completed the installation of an Air Quality Monitoring Station (AQMS). The surrounding protective fencing and essential site preparations have also been completed to ensure the security, functionality, and sustainability of the facility.</p>
<b>Objective</b>
<p>Following the successful installation of the Air Quality Monitoring Station (AQMS), the objective of this assignment was to ensure that the designated site and supporting infrastructure were adequately prepared to enable its effective operation. This included the completion of necessary civil works, secure placement and integration of monitoring equipment, and the provision of essential electrical connectivity to support continuous and reliable functioning of the system.</p>
<b>Scope of Assignment</b>
<p>The project involves the construction of an <b>Air Quality Monitoring System (AQMS) Shed</b>, including all civil, structural, and associated works necessary for a complete, functional, and secure installation. The contractor shall provide all labor, materials, equipment, supervision, and services required to execute and complete the works in accordance with the drawings, specifications, and Bill of Quantities (BOQ).</p>
<b>Requirements for Experience and Qualifications</b>
<p>The bidder must demonstrate relevant experience in civil or construction works of a similar nature. Evidence shall be provided through completion certificates, contracts, or other official documents indicating the project value, scope of work, date of award, and completion status.</p> <p>The bidder must have successfully completed at least one construction-related project within the last three (3) years (2022–2024) with a value of not less than MVR 22,000.00.</p> <p>The bidder must also demonstrate the capacity to carry out civil works, and installation of basic electrical infrastructure required for the assignment.</p>
<b>Indicative Tasks</b>
<ol style="list-style-type: none"><li>1. Construct the required foundation/base and any related civil structures at Galolhu Saharaa (104) at AQMS.</li></ol>

## PREAMBLE NOTES

### 1.1 Discrepancies

All participants in the Tender exercise are deemed to have read the Specifications and BOQ carefully in conjunction with all the Contract Drawings. Any discrepancies between these documents are to be brought to the attention of the Employer and clarified prior to the closing of the Tender. Should any said discrepancies be discovered at a later date, the decision of the Employer is final and any extra cost due to the contractor as a result of such discrepancies will NOT be entertained whatsoever. The Contractor shall, at all times, exercise with care and professional scrutiny to ensure that there are no discrepancies and/or divergence between Contract Drawings and specifications prior to execution of any portion of the Works on site. The Contractor shall immediately give the Employer a written notice specifying any such discrepancies or divergence should he discovered such issues and the Employer shall issue instructions in regard thereto. The Contractor should exercise due diligence in this matter as a failure and/or negligence in complying with the above stated requirements may result in extra costs. Any extra costs incurred in respect therefore shall be borne solely by the Contractor.

### 1.2 General Notes

1. The Bill of Quantities shall be read in conjunction with the Instruction to Bidders, General Conditions of Contract, Appendix to bid, Technical Specification and Tender Drawings.
2. The rates and prices tendered in the priced Bill of Quantities shall, except in so far as it is otherwise provided under the Contract, include all constructional plant, labour, supervision, materials, transportation, installation/erection, profit, together with all general risks, liabilities and obligations set out or implied in the Contract.
3. The Tenderer is deemed to have visited the site/s and fully acquainted himself as to the location of each of the items and works to be carried out and to all conditions which may affect the performance of the works, including but not limited to:
  - Access to each of the roads where solid waste transfer process will be carried out, and Access for the dump site.
  - Restrictions applicable to working in proposed area.
  - All safety regulations and employer site safety procedures.
4. A rate or price shall be entered against each item in the Bill of Quantities, whether quantities are stated or not. All quantities given herein shall be deemed to be estimated quantities of the work to be done. Tenderer shall check and verify the quantities before submitting the tender.
5. The whole cost of complying with the provisions of the Contract shall be included in the items provided in the priced Bill of Quantities, and where no items are provided but required for completion of contract works, the cost shall be deemed to be distributed among the rates and prices entered for the related item of work. Only properly executed variation orders shall be recognized for additional payment for items not entered in the Bill of Quantities.
6. General directions and descriptions of work and materials are not necessarily repeated or summarized in the Bill of Quantities. The Bidder shall refer to relevant sections of the Contract Document to fully understand the item requirements before entering rates or prices against each item in the Bill of Quantities. No variation is allowed for the given scope of work.
7. If an item is missing in BOQ, but shown in the drawings, Tenderer shall add that items to the additional bills in BOQ.
8. Measurement standard applied for calculation of quantities are according to NRM-2, RICS.
