Questions and Answers

Consultancy Service to Develop a Web Portal

Advertisement no. IUL)438-CCD/438/2019/78: Capacity Building of Maldives' National Designated Authority (NDA) and Preparation of Country Strategic Framework

1. What is the problem facing in the absence of the web portal?

Answer: Lack of a dedicated space on the web where prospective local proponents of climate change projects can access information the Green Climate Fund, and its access procedures.

2. What will be the solution you are expecting?

Answer: A web portal in which prospective local proponents of climate change projects can access information the Green Climate Fund and its access procedures, and communicate with the National Designated Authority.

3. What type of data would be stored in the web portal?

Answer: The portal is developed with the following intended functions:

- Provide contact information for the NDA (Ministry of Environment (ME) in its homepage
- Serve as a platform for communication between national stakeholders and the NDA, including status of NDA approval of funding proposals.
- Access to information materials on the GCF including downloadable PDF documents and forms and links to YouTube videos.
- Links to GCF related news from the ME main webpage
- Host a database of status of approved and proposed GCF and other climate change related funding proposals in the Maldives. This link provides an example of such a database: [https://www.thegef.org/projects-faceted?f\[\]=field_country:101](https://www.thegef.org/projects-faceted?f[]=field_country:101)

4. We would like to know the budgeted amount set for this project so that we can check whether we can fit our price according to your budget.

Answer: We are unable to disclose this information in this round, as per public finance regulations.
